About B&S

B&S exists to make premium consumer goods available to everyone, anywhere. We believe that getting access to consumer products that bring joy and comfort into everyday lives, should be easy around the globe.

With our ever-growing international network and physical local presence, we bring suppliers, brand owners, logistics partners, wholesalers, retailers and consumers all over the world together that are in many ways difficult to connect.

We work with the world’s premium consumer brands in beauty, liquors, personal care, food, health and consumer electronics to serve millions of consumers daily - either directly or through our wholesaler and reseller partners.

Powered by our high-tech platform and arising from supply chain expertise, we provide sourcing, warehousing, distribution, digital commerce, marketing and brand development solutions that enhance choice, speed up delivery, drive conversion and increase reach.
